Notes/Comments:
 The above bid is based on the plans and reference material supplied by you to date, and the price is in USD.

 Generally I require a deposit to begin work, but with a smaller projet like this I'll just require payment varification before submitting the .skp file to you. I think since we're in different countries, the best way to go about payment will be via Paypal, if that's ok by you. Let me know what you think of this, and if I should begin work.

 Thanks! ~Emmet

**All bids effective for 30 days after issue date; bids are subject to change if details of project change dramatically.
 If it becomes evident that we will need to go over in work hours, we will contact you and discuss options; we will never submit a bill to you that reaches beyond our bid price before discussing it with you.**
